

**Setting the standard
for invoice-to-pay
automation.**

Edenred Pay's integrated platform automates the invoice-to-pay process -- from invoice receipt through payment reconciliation.

"I have complete trust and confidence in our ability to continually grow our business, our customer loyalty, and our innovative service offerings with Edenred Pay's partnership."

Advantage Software, Courtney Boydston, President

Eliminate manual, repetitive tasks and transform accounts payable (AP) into a strategic powerhouse with the integrated invoice-to-pay platform from Edenred Pay. From invoice receipt through payment reconciliation, our platform eliminates the inefficiencies that bog AP teams down. We combine our advanced technology with expert-assisted services and world-class support. And we offer solutions tailored to the unique needs of vertical markets. The result is an industry-leading approach to invoice-to-pay automation that delivers value and provides a better experience for all parties across the B2B ecosystem.

- Process all paper and electronic invoices on a single platform.
- Capture invoice data with 99.5% accuracy and speed the financial close with our technology-assisted general ledger (GL) coding.
- Post matched or approved invoices touch-free with our seamless integrations to 350+ industry-specific ERP and accounting software platforms.
- Pay suppliers in their preferred method with a single file from your ERP.
- Mitigate your risk of fraud with our ironclad security controls.
- Transform AP into a profit center with cash-back rebates on qualifying payments, more opportunities to capture early payment discounts, and our tools for extending payment terms.
- Drive supplier general ledger (GL) adoption with our industry-leading enrollment services, automated vendor matching, and growing payments network.

Advanced Technology. Best-in-Class Results.

Connectivity. Transparency. Simplicity.
That's the Power of Edenred Pay's technology.

Invoice Automation

Elevate your invoice processing with guaranteed 99.95% data capture accuracy, expert-assisted exceptions resolution, and touch-free posting to 350+ ERPs and accounting software packages.

Payment Issuing Platform

Leverage our single point of connectivity to issue from multiple BINs, networks or issuing banks, and execute any B2B payment method to participating vendors.

Payments Automation

Optimize and monetize your payments to suppliers with an integrated platform that supports any payment method, provides complete visibility into cashflow and spending, and generates value.

Supply Chain Finance

Drive electronic payment adoption, strengthen your supply chain, and help suppliers generate working capital without disrupting your B2B payment processes with supply chain finance.

Invoice-to-Pay Automation

Automate your entire invoice-to-pay process – from invoice receipt through payment reconciliation.

Travel

Ease your administrative burden and take full control over your travel expenses with our corporate travel solutions. From effortless bookings to touch-free reconciliations, we've got you covered.

Fleet

Reduce costs, protect your business from unauthorized spending, and gain instant access to your fuel and maintenance costs with the industry leading fleet card program trusted across four continents.

You are in good company.

Our partners and clients speak volumes about why they continue to choose Edenred Pay.

“Our clients can automate a payment that previously required ten steps. Not only is the new service completely free for our clients, it simplifies their jobs and delivers a rebate every month. Our clients are happy with the benefits and with the level of support they receive directly from Edenred Pay.”

Advantage Software - Ellen Coulter, President

“The Edenred Pay Team is rarely content to leave things working “as-is”, they are constantly looking to find ways of making their product work more efficiently with their customers systems. I could not ask for a better partnership.”

LaPlaya Beach & Golf Resort - Kimberly Michaux, Assistant Controller

“It sounded too good to be true so I was tapping the brakes, sensitive to the time commitment it meant for my staff, but all those concerns quickly melted away. It’s a no-brainer once you realize how it works.”

Texas Rangers - Kellie Fischer, Chief Financial Officer

Proof in Numbers

The numbers speak for themselves; experience with a following and guaranteed success.
